KASHIF SHAHZAD

PROFESSIONAL SUMMARY

Motivated Information Technology student with experience in full-stack and mobile app development. Skilled in React Native, React JS, Node.js, Express.js, MongoDB, Firebase, PHP, Python, and RESTful APIs.

Experienced in building scalable applications, backend systems, and responsive user interfaces. Seeking opportunities as a Full Stack or Software Developer.

TECHNICAL SKILLS

Frontend Development: React JS, React Native, HTML, CSS, Tailwind CSS, JavaScript (ES6+)

Backend Development: Node.js, Express.js, PHP

Programming Languages: JavaScript, TypeScript, Python, C++, PHP

Databases: MongoDB, Firebase, MySQL, SQLite

API Development: RESTful APIs, API Integration, JSON, Postman

Mobile Development: React Native, Expo

Tools & Platforms: Git, GitHub, Firebase, Postman

Other Skills: AsyncStorage, Authentication Systems, OOP, File Handling

PROJECTS

StudySpark – AI Powered Study Assistant (Full Stack Mobile App)

Technologies: React Native, Node.js, Express.js, MongoDB, Firebase, REST APIs, Gemini AI

Developed a full-stack mobile application using React Native and Expo
Built secure authentication system using Firebase Auth
Designed and implemented RESTful APIs using Node.js and Express.js
Integrated MongoDB for scalable data storage
Added AI-powered features including summarization, quizzes, and study planning using Google Gemini API
Implemented role-based access and modern UI with dark/light mode
Boycott & Alternatives Web App (Freelance Project)

Technologies: PHP, MySQL, HTML, CSS, JavaScript, APIs

Developed a full-stack web application with admin dashboard
Built backend using PHP and MySQL
Implemented responsive frontend design
Integrated APIs for dynamic data handling
Managed authentication and user management system
Additional Projects
Calculator App (React Native)
Task Manager App (React Native + Firebase)
Event Manager App (React Native)
Unit Converter App (React Native)
Responsive Websites (React JS, HTML, CSS, Tailwind CSS)
Python scripts for automation and basic logic
C++ console applications using OOP and file handling
